### Kurzbeschreibung

Patterning is fun, easy and relaxing - and it is a great way to add interest and texture to any design. Joanne Fink presents creative monogram and pattern techniques in *Zenspirations*, offering intriguing ideas for filling boarders, edges and spaces with creative flourishes. The many decorative boarders, frames, shapes and alphabet will appeal to a spectrum of tastes and styles. Use Joanne's techniques to create details, depth and beauty reminiscent of classical architecture, medieval block printing and manuscript calligraphy. Her passion for beautiful patterns is contagious. Joanne makes it easy to turn simple lines into attractive designs, while her doodled shapes inspire readers to embellish more and just have fun with the process. *Pressestimmen* Teaches readers how to create beautiful Zentangle-inspired patterns, designs, letters and numbers for your craft projects. Perfect for your scrapbooking, and paper crafts.

'*Zenspirations*' by Joanne Fink is not technically a Zentangle book. But it is clearly inspired by Zentangle as she mentions in the beginning of the book. Her artwork and lettering use drawing techniques inspired by various tangles. She also adds color using a variety of Sakura products.

*Zenspirations, Letters & Patterning* by professional calligrapher Joanne Fink is sure to be popular with everyone who loves her videos as well as anyone who enjoys paper crafts, scrapbooking, card-making, illustration and making personalized gifts. In her introduction Joanne writes, "I fell in love with patterning in the summer of 2008 when I discovered the wonderful world of Zentangle, an art form developed by Rick Roberts and Maria Thomas. Since then I have incorporated patterning into my work, and call my new style *Zenspirations*." Joanne's new book *Zenspirations* is an 8 x 8-inch, 52-page (including covers) softcover that demonstrates in much greater detail the patterning techniques in Joanne's videos and contains many examples of her colorful and whimsical illustrations. Joanne reviews her seven basic patterns and suggests ways to add more detail to each. From there she moves on to filler patterns and vertical patterning - dangles that "hang" off the edge of a horizontal strip. The next sections demonstrate various pattern types and examples - circles and simple circle designs, simple flower designs, wave patterns, and pattern blocks. In the coloring tools section Joanne talks about her favorite coloring tools and paper supplies. She discusses techniques for each - working with dark and light backgrounds, watercolor paints and techniques, and the paper she chooses for water media. The next sections are about embellished frames, creating patterned illustrations, flower and leaf designs and simple landscapes - all with many examples to spark your creativity. The final section of the book is about lettering, embellished monograms and how to use words in shapes. *Zenspirations* will teach you how to create beautiful patterns to add a whole new dimension of interest to your favorite crafts. "Joanne Fink's passion for beautiful patterns is contagious; her *Zenspirations: Letters & Patterning* makes it easy for artists and non-artists alike to master patterning quickly and easily." It's another great addition to enrich your imagination and your art library!
