Kurzbeschreibung

Murder, Conspiracies... and what *might* be black magic. In the summer of 2035, Atlanta is a city on the verge of panic. A killer is stalking her people, leaving behind eerily beautiful crime scenes painted with occult symbols. Is he an insane artist, carving his work out of flesh and blood? A satanic sorcerer, hoping to bring about the end of days? Or a political operative, trying to terrify the electorate into voting for his party? A handful of people have the pieces to the puzzle, but they are scattered through the city's subcultures: A black cop, trying to use high-tech forensics to solve crimes that seem to be right out of the Middle Ages. A Wiccan journalist who employs scrying spells and search engines with equal skill. A televangelist with an eye on the White House, and the Christian rock star who wants to take him down. A transgendered Cherokee shaman trying to right a wrong from the 1800's. A street-smart gay detective hunting for his missing partner. And Benji, the fourteen year old boy at the center of it all. Who thinks that his biggest problem is what will happen when his strict Baptist parents find out that his new girlfriend is a witch. Together, they might be able to stop what's coming. *If* they can stay alive long enough to find each other. Winner of Two Spectrum Awards and picked as one of the "Ten Best Mysteries of the Year" by *The Droid Review of Mysteries*.

•Wisecracking gay PI witch magic realism near future high tech police procedural occult science fiction mystery coming of age social satire with politics and occasional sex. Read at your own risk. • Synopsis Welcome to 21st century Atlanta. During your stay, depending on your tastes, you can cruise gay midtown (I hear that the Inquisition Health Club has introduced manacles and chains to the aerobics class) or check out the Reverend-Senator Stonewall's headquarters at Freedom Plaza (watch out for the Christian Militia guarding it, though) or attend a sky-clad Wiccan sabbat (by invitation only). Avoid the courthouse, where the Cherokee have turned out in full war-paint to renegotiate a nineteenth century land deal. Also stay away from all cemeteries, at least until the police find out why someone is disinterring and crucifying corpses. As you can tell, this is a lively novel, full of intricate plotting and engaging off-beat characters. Among the latter are a gay detective, a Wiccan family, an ambitious televangelist with an eye on the White House, an artist whose medium is flesh and blood, a Cherokee drag queen - and then there's poor Benji, who would just like to make it to his fifteenth birthday, assuming the MIBS don't get him first or his Baptist parents don't ground him for life because his new girlfriend is a witch. It is picked as one of the eight best mysteries of 1999 by

The Droid Review of Mysteries. It is a winner of Two Spectrum Awards ("Best Novel" and "People's Choice"). It is nominated for Two Lambda Awards ("Best Science Fiction / Fantasy Book" and "Best Men's Mystery").
